Solidarity was identified in the United Nations statement as one of the basic values of international relations in the 21st century. Where those who suffer the least or benefit the least deserve help from those who benefit the most. Consequently, in the context of globalization and the struggle to increase inequality, it is necessary to strengthen international solidarity.

# About the forum

**Honorary cultural ambassador by promoting the culture of the Black Sea and Turkey in the international context, guaranteeing cohesion in social and cultural fields in cases of socialization and solidarity with social cultural projects and activities that are carried out during this process, guaranteeing the integration and adaptation of people to the society. and the goal is to make citizens of different nations aware of the laws and laws of the country.**
